

FOCUS ON THE 90%

Darci Lang

Darci's 90% Philosophy Series starts here. Her Focus on the 90% presentation reflects a "my life is my message" approach. It has helped audience members to focus a magnifying glass on the 90% of their life that is positive and empowers them to be and feel their best.

DARCI WILL CHALLENGE WHERE YOU FOCUS YOUR MAGNIFYING GLASS WHEN REFLECTING ON:

Yourself - The person in the mirror, your own mental health, and wellness. She'll help you to become the best version of yourself.

The people around you - Leading, working, and supporting others. Morale in a workplace is an indicator of productivity. Darci will fill your toolbox full of professional and personal tools.

Your personal life - She'll show you how to be a positive influence at home and be an example of wellness for others to follow.
